HALL	SECTION	TIME	MAIN AUTHOR	INSTITUTION	MINUTES	TITLE SECION/CONTRIBUTION	CHAIRING
Wednesday - 25.11.2015							
HALL	D1-1	25.11.2015, 13:00-14:30		LF MU, Brno	90	**AKUTNE.CZ® interactive algorithms in emergency medicine training – concept, creation, application**	Štourač P
						Partner: HELAGO	
HALL	D1-2	25.11.2015, 15:00-16:30		SGUL, London LF UPJŠ, Košice IBA MU, Brno	90	**CROESUS.EU: Workshop on tools for virtual patients**	Majerník J Poulton T Schwarz D
						Partner: BIOSTATISTIKA.CZ	
Thursday - 26.11.2015							
HALL	D2-1	26.11.2015, 9:00-11:00			120	**E-learning courses and textbooks**	Zahradníček O, Komenda M
			Zahradníček O	LF MU, Brno	15	A video-guide to specimen sampling and processing for medical microbiology for (not only) future nurses and midwives	
			Komenda M	LF MU, Brno	15	Current projects and challenges at Masaryk University	
			Rajdl D	LFP UK, Plzeň	15	E-learning support for "Healthy Kitchen" workshops: introduction to science and clinical nutrition	
			Měřička P	LFHK UK, Hradec Králové	15	Cryobiology in the blended learning of an elective subject for medical students : three - year experience	
			Čeřovský Z	FZV UJEP, Ústí n. L.	15	The Faculty of Health Studies (the UJEP) and LMS MOODLE application in the process of education	
			Veselý P	LF MU, Brno	15	Basics of refractive errors correction methods – the new interactive lecture book for education not only in Medical Faculty Masaryk University Brno Czech Republic	
			Kozlíková K	LF UK, Bratislava	15	Unification of practical tasks on Biophysics and Medical Biophysics at the the FM CU in Bratislava	
			Discussion		15		
HALL	D2-2	26.11.2015, 11:30-13:00			90	**Keynote lectures**	Lhotská L, Rajdl D
			Iskrenko-Poulton E	SGUL	45	Scenario-based learning: what can it provide now for the learner, and how can we use it next ?	
			Liarokapis F	FI MU	45	Title to be completed	
HALL	D2-3	26.11.2015, 14:00-15:30			105	**Technology enhanced education in neuromedicine specialties**	Barteček R, Schwarz D
			Levorová S	LFP UK, Plzeň	30	Virtual Reality Addiction Treatment	
			Barteček R	LF MU, Brno	15	Paradigm shift in teaching of psychiatry at Masaryk University after introduction of OPTIMED	
			Hýža M	LF OU, Ostrava	15	Monitoring of risk factors of metabolic syndrome including neurosonological examination in patients with severe mental illness	
			Schwarz D	IBA MU, Brno	30	MRI-based automated morphometry of brain for recognition of schizophrenia	
			Říha I	LF MU, Brno	15	Application of telemedicine and imaging systems in education at the Dpt. of Neurourgery and the future of education at Faculty Hospital St. Anne's	
HALL	D2-4	26.11.2015, 16:00-17:15			75	**Telemedicine and simulations**	Hanuš J, Kvašňák E
			Lhotská L	ČVUT, Praha	15	Personal portable devices as enablers of decision support	
			Kofránek J	1.LF UK, Praha	15	Model based virtual simulator with scenario of surviving sepsis as 3D game application	
			Vaněk F	1.LF UK, Praha	15	Lightboard	
			Štěpánek L	2. LF UK, Praha	15	Web-based application for automated and sophisticated generation of natural language-written pieces of medical documentation in oncology patients	
			Lhotská L	ČVUT, Praha	15	E-health, telemedicine and assistive technologies in biomedical engineering education	
POSTERS							
			Papoušek J	FI MU, Brno		PracticeAnatomy.com: adaptive practice of anatomical structures	
			Burša M	CVUT, Praha		Efficient Solution for Web Technologies Education	
			Chudáček V	ČVUT, Praha		CTG Trainer	
			Urbanová E	JLF UK, Martin		Preterm labour - virtual patient in midwifery	
			Zanovitová M	JLF UK, Martin		Application of simulation methods in senior education	
			Kelčíková S	JLF UK, Martin		Innovative education of midwives via e-textbook
